I am 2 years old and I go to Rowley View Nursery School part-time

My day starts when my teachers greet me at the door with a big smile and ask me how I am. It's okay if I get a little upset because they give me a cuddle and make me feel better. After being helped to take off my coat, I go and find my friends.

I explore how I am feeling by placing my name card by different faces on the board; my teacher helps me with any tricky words that I can't say.

I play for a little while with my friends and try lots of different fun, messy, creative and challenging activities, then I help to tidy up ready for 'Funky Monkey Brain Gym'. It's lots of fun and it makes us all giggle.

We have breakfast Club in our family group where I get to try lots of different yummy tastes and textures and have a chat with my friends where I tell them all about my adventures with my family.

All my teachers know me and help me to learn new words, new skills, how to have fun, be confident, independent, inquisitive, kind, caring and to share with my friends. All our learning is done through play with our teachers planning activities using the Early Years Foundation Stage Curriculum and by observing and following our interests. By getting to know us and observing how we think, learn and develop, they can set next steps and learning goals that help us to develop, progress and reach our full potential and be the best we can be. I am encouraged to never give up, to aim for the stars and to be proud of who I am.

Being in Rowley Robins is so much fun; I feel safe, happy This gets me get ready for when I move into Rowley Owls and I am happy, confident and ready for my next school life adventure.
